

Will Daniel
PORTFOLIO 2026

Hi, I'm

Will

Born and raised in the Austrian Alps, I now call Hamburg my home. I came here to be the first assistant at He&Me, which I was for years — before adding other names and eventually starting my own thing.

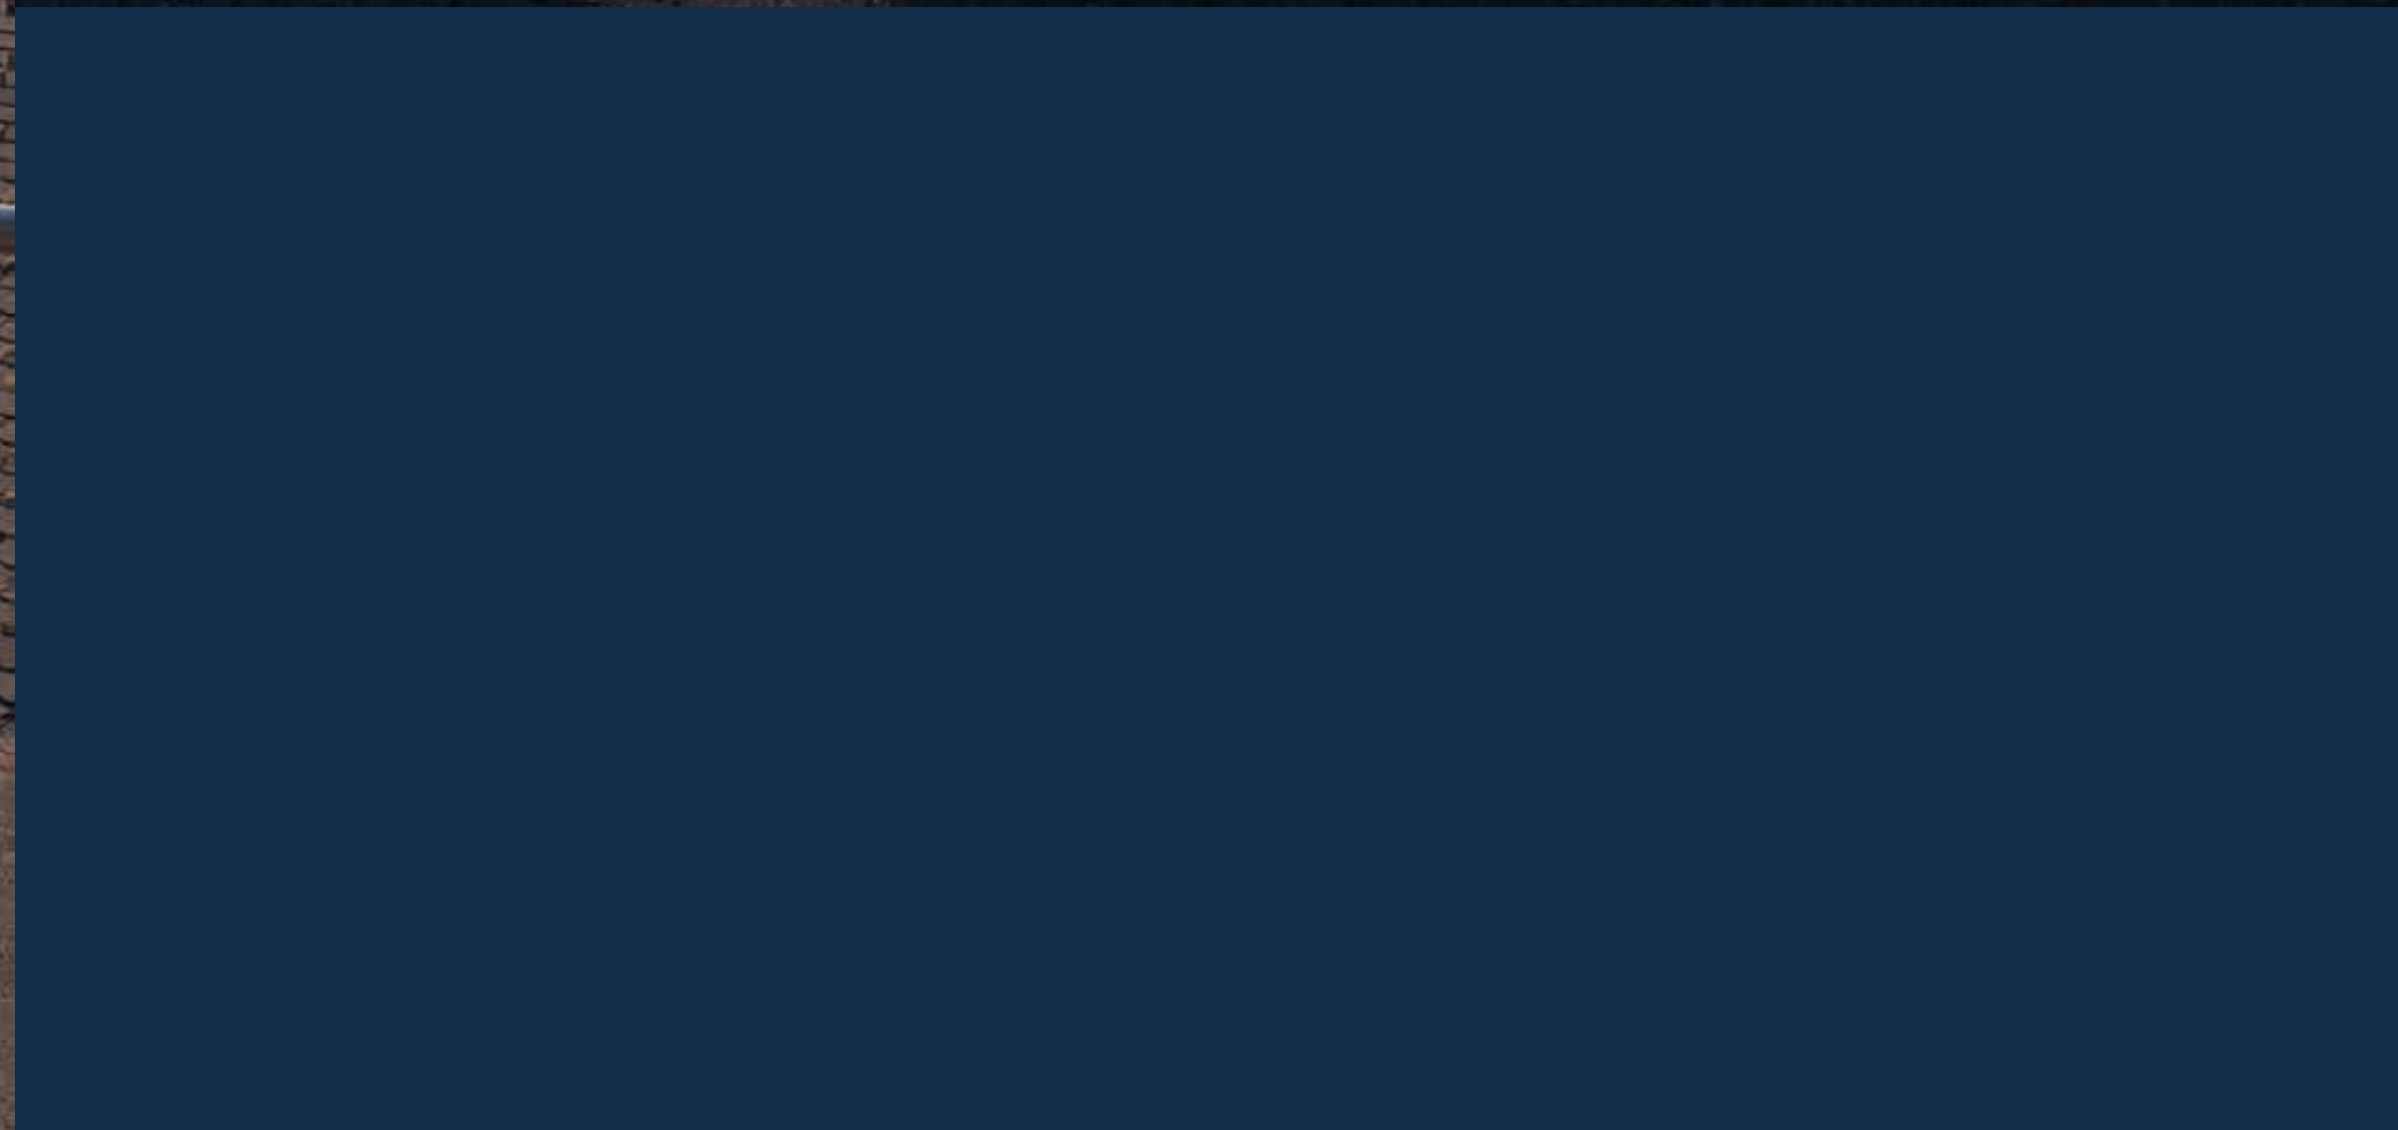

I would describe my photography as natural, warm, clean, and emotive. I love bringing together all the elements of a production to create a coherent world for the imagery to live in.

On the following pages, I'll show you my automotive and lifestyle work, CGI and studio projects. I'm very confident with all of it.

Automotive

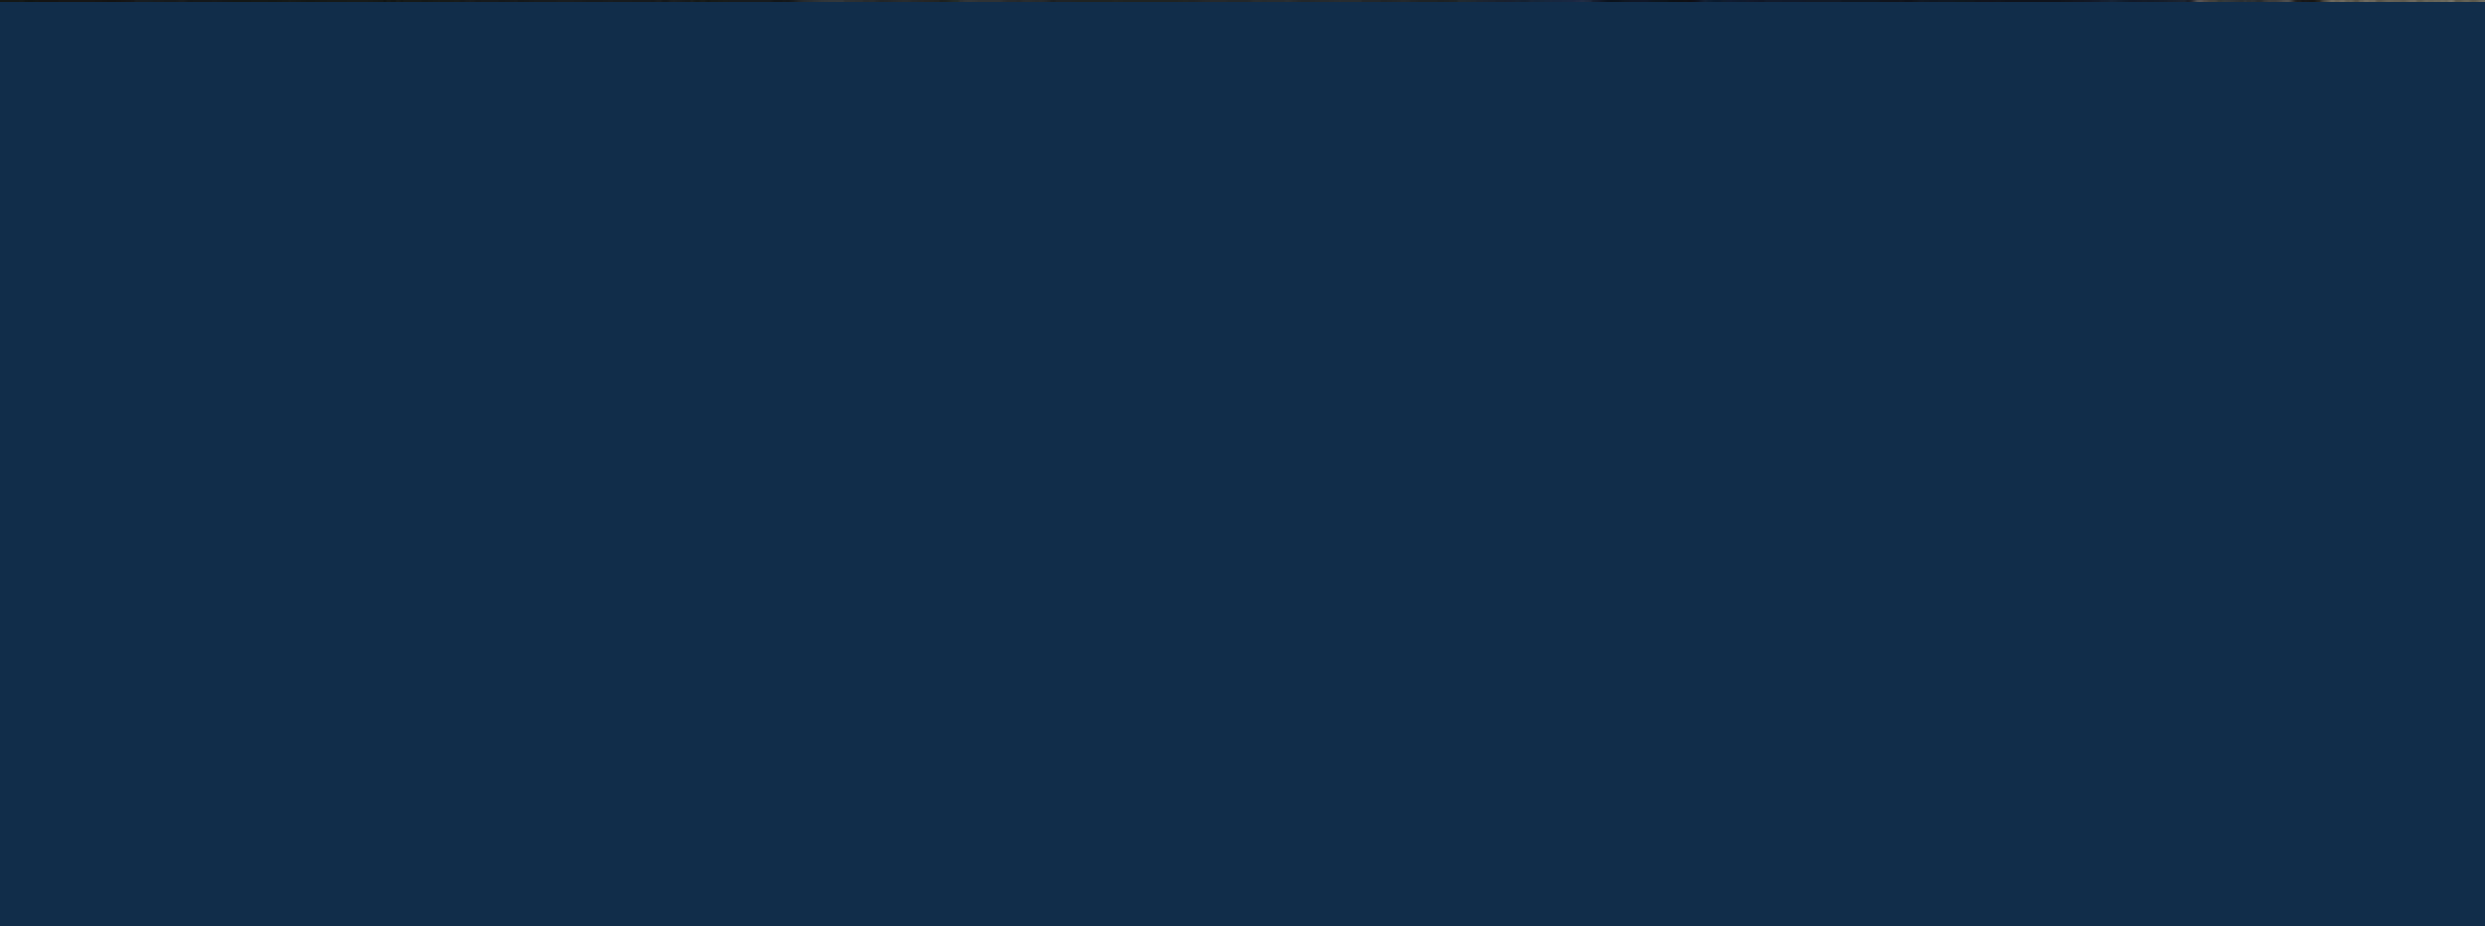

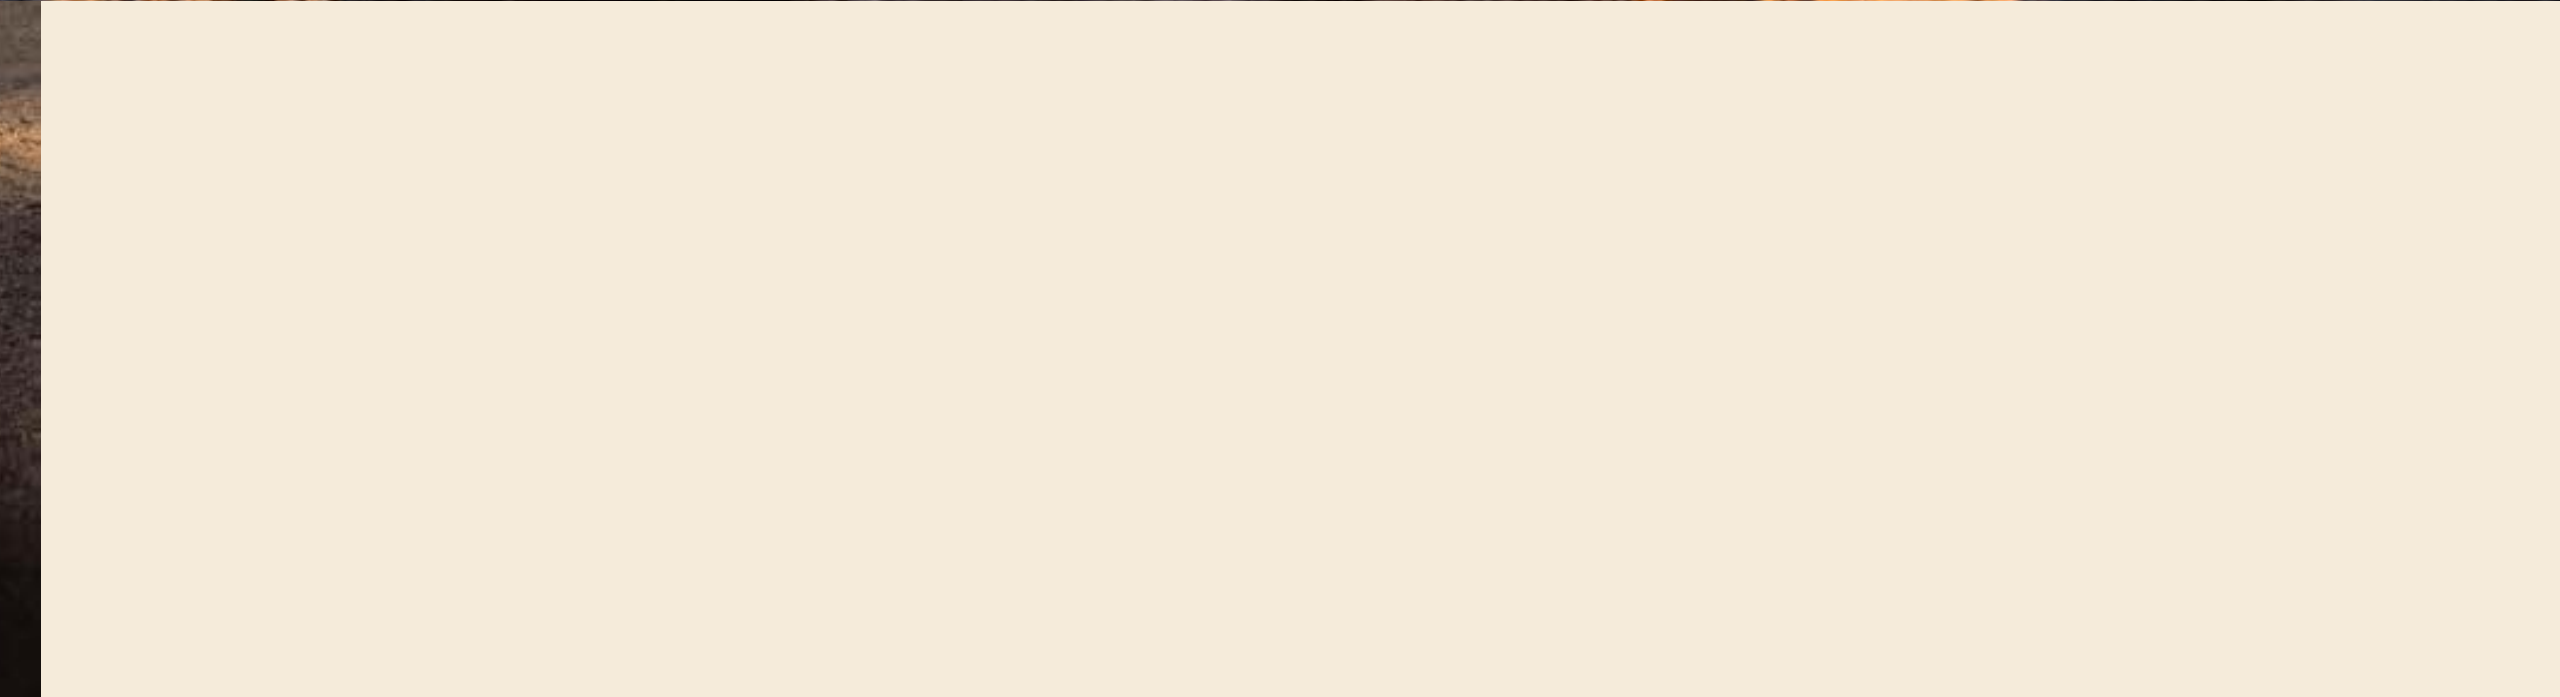

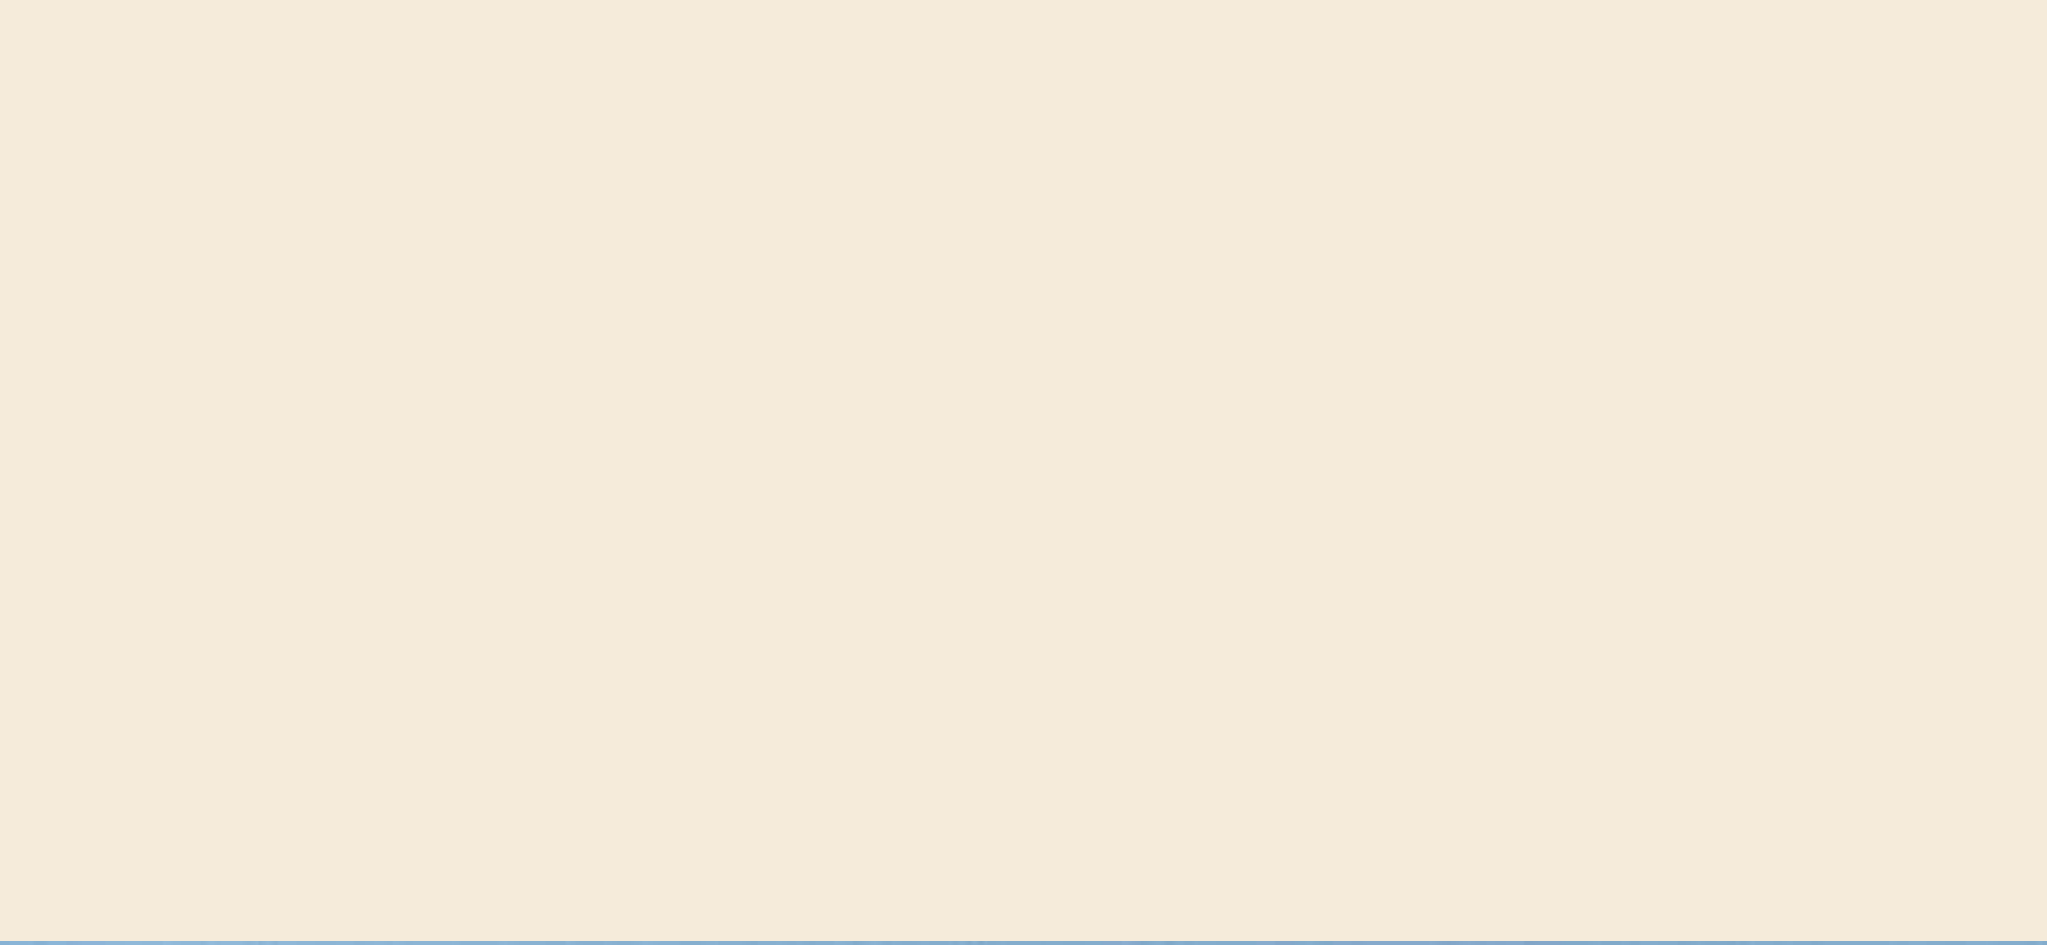

CGI

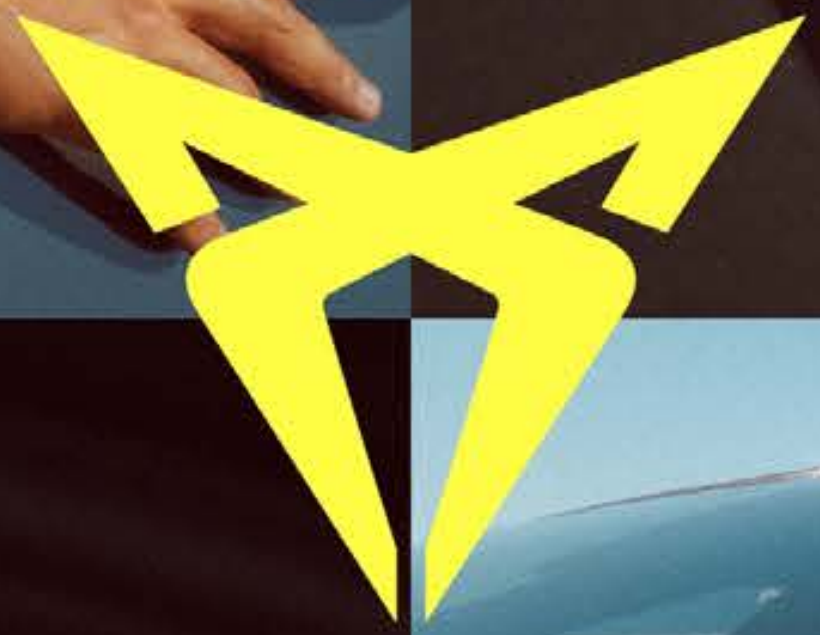

Studio
